## Crime Classification

through November 2011**

Gardena Crime Accountability and Reduction Strategy

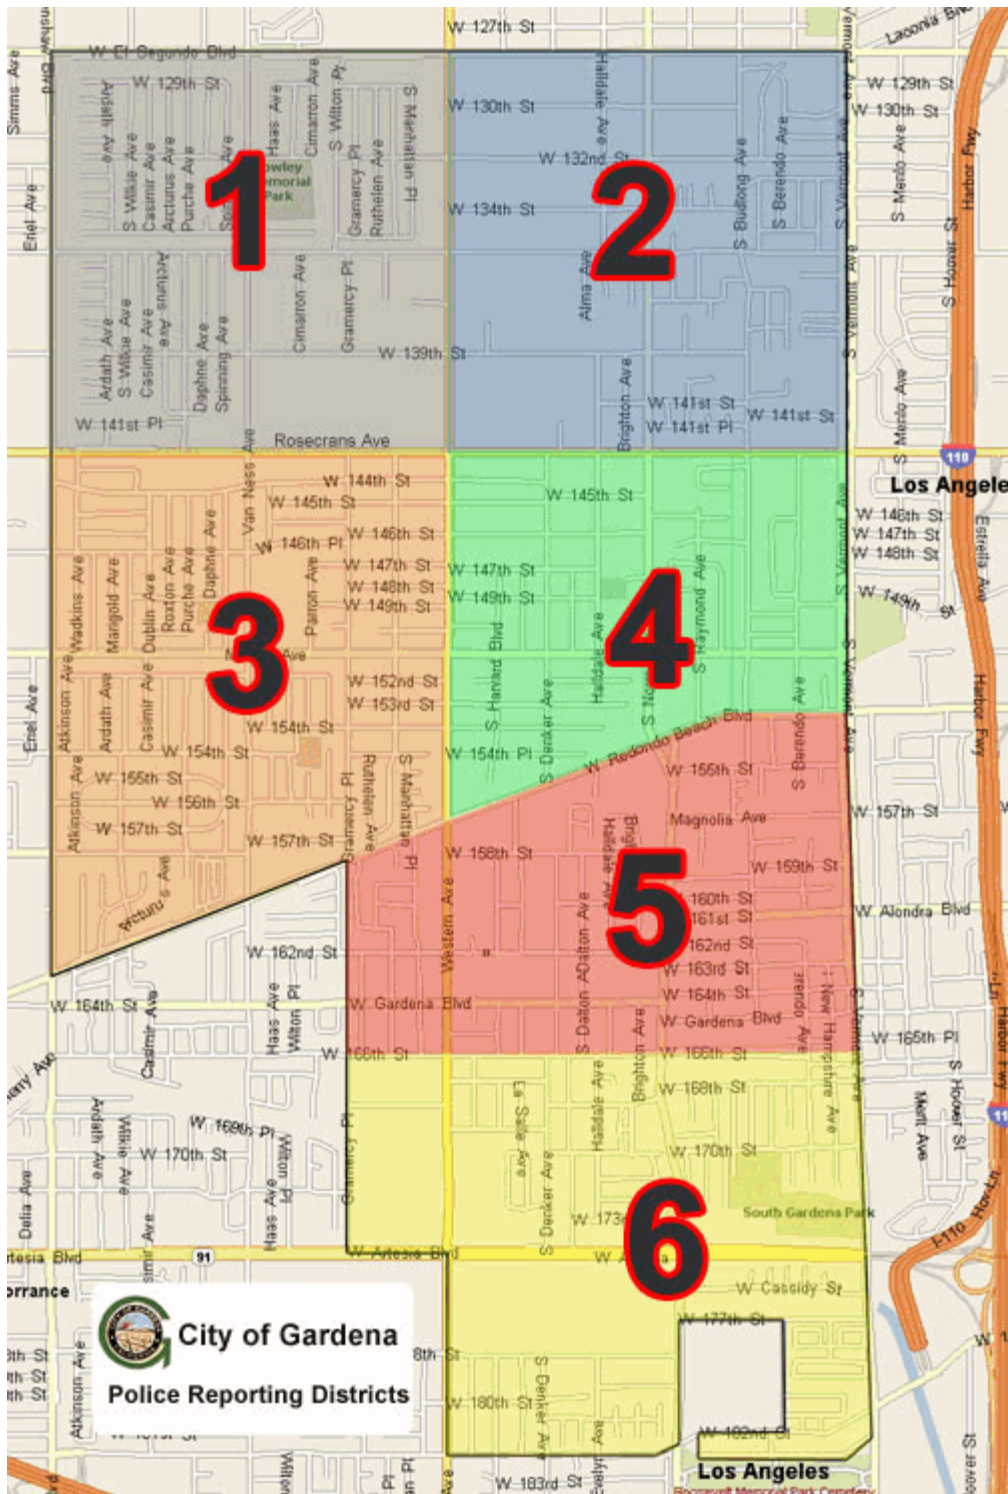

Most law enforcement agencies in the United States use the Uniform Reporting System (UCR) to calculate crime rates. These crimes are reported to the Federal Bureau of Investigation. Crimes are primarily classified as PART-1 and PART-2 crimes. Part-1 crimes are used to calculate crime rates. Part-1 crimes are considered the most serious (01 through 09) and the chart below depicts crimes by their severity. For further information click on this link <http://www.fbi.gov/ucr/ucr.htm>

The Chart below is categorized by six patrol beats or sectors. See the accompanying map to determine the location you are interested in, then check the corresponding patrol beat for the number and category of crime.
