

Gardena Police Department

AB 481 – Annual Report Issued March 28, 2024

AB 481 Annual Report

AB 481 requires law enforcement agencies to obtain the approval of its governing body to enact a military equipment use policy before purchasing, raising funds for, or acquiring military equipment. An initial policy must be passed via ordinance and renewed by a vote of the Council each year. AB 481 provides an expansive definition of "military equipment" that includes many items which law enforcement agencies use, deploy, and obtain on a regular basis. The law enforcement agency is required to return annually to provide an Annual Report to the governing body and the public at large. The agency is also required to host a community engagement session for members of the public to attend.

On May 9, 2023, the City Council for the City of Gardena adopted Ordinance 1849 adopting a Military Equipment Use Policy governing the law enforcement's use of items that are deemed "military equipment" under AB 481. Since then, Gardena Police Department (GPD) has successfully maintained the military equipment in accordance with the policy. This Annual Report will provide a summary as required by Government Code section 7072(a). The GPD will host a community engagement session on April 15, 2024 at Nakaoka Community Center.

The following constitutes the GPD's Annual Report:
